Alumni & Friends of VMAA

We look forward to the addition of new members every year. Our young alumni can step into the foundation of support to add to our current 900 member, ranging from 1949 to the 2023 graduates. We are thrilled to see some of our newest graduates have already renewed their membership. As our alumni gracefully age (oldest membership from 1949 - 74 years ago), a new age "stir" of support is occurring. We believe in the power of our young alumni and what they can accomplish by joining our group of alumni to provide support to the current students and alumni.

The VMAA continues to provide three $500 scholarships for VM1-3 students, two $1000 scholarships, travel reimbursement funding, café cash drawings for Student Alumni Connection members, support for the White Coat Ceremony, funding for student clubs, the Food Pantry and other student support, and those cozy sophomore sweatshirts as the chilly air rolls onto campus. We are honored to assist with reunions and alumni gatherings, such as our famous annual Homecoming event. We want to thank our current members for their long-term support.   We encourage you to join our executive team when the timing is right and continue to spread the word on how important the VMAA is to our alumni, young and old.
